### ANNUAL REPORT OF SECY-TREAS 1921-22.

Returning from America in June 1922, I at once took over the work of Mission Secretary-Treasurer. Owing to there having been no Balance attempted at the close of the Fiscal Year, March 31st, 1921, the work ran over into the current year, making it quite difficult to tell what should be counted in the business of this fiscal year.

One of the interesting facts brought out in the following financial report, is that \$4,577.24 was returned to Mr. Willis,

Treas., as unexpended balance for the year 1921-22. For a like period there was \$5,854.95 credited to him for the premiums received on Drafts which he had sent.

This is especially gratifying since the Executive Committee had maintained the rate of exchange at two for one during the previous ten years, at a loss to themselves for the entire period.

I herewith submit the following Financial Report for the year April 1st' 1921 to March 31st, 1922, as the same was audited and approved by the Mission Auditing Committee.

On the occasion of my recent visit to America the plan of reporting to the Nashville Office was changed and simplified, thus eliminating some of the work which had been previously required.

While the system of handling the finances and reports within the Mission shows a steady improvement, there are several recommendations I would present to the Mission at this time ;

(1) Lack of uniformity in handling Circular Letters causes me to suggest that a resolution be brought in, definitely regulating this feature, and fixing a route for the letters to travel.

(2) In the matter of securing S. S. Bookings for our Members going to America, there is often a duplicating of effort and misunderstandings arise. The Executive Committee highly recommends the plan of all bookings being made through the Treasurer. If the Mission

decides to adopt this plan, then there should be very definite rules settled upon, and a fixed plan of procedure adopted.

(3) That the Mission take some definite action in the matter of making charges to Missionaries' accounts, of the amounts paid by Mr. Willis for them in America, and stating whether in such cases the credit of three months is to be allowed

(4) Different Stations interpret differently the request of the Executive Committee to turn over to the Mission Treasurer, the balances in individual's hands at the end of the fiscal year. Uniformity in this matter is very desirable and it is suggested that the Mission determine upon the general practice to be followed in such cases.

(5) Repeated attention has been called to Paragraph 59, sub-paragraph 2, Page 32 of the Executive Committees Manual, which reads as follows ;

“No equipment work shall be begun or debts therefore contracted by the Mission until specific appropriation therefore has been made by the Committee, and until plans, specifications and estimates therefore have been approved by the Mission.”

In addition to this being only an ordinary business requirement on the part of the Executive Committee, they point out cases where the Mission and individuals might have been spared embarrassment if this rule had been adhered to.

Respectfully Submitted,

M. L. SWINEHART

Secretary-Treasurer.

## LEPER HOSPITAL COMMITTEE REPORT FOR ANNUAL MEETING. 1921-22

The past year at the Leper Home has been one of joy and satisfaction for what has been done for these unfortunate people of earth. Those who call themselves "dead dogs" have by care and christian influence been made men and women of higher aspirations and a hope for the future has been instilled into their hopeless lives. We are confident of the value of the work to the lepers themselves and as evidence to the other Koreans that Christianity knows no bounds in its sympathy for those who are in need. The type of leper work done in our colony is evidence of the fact that christianity meets every need of body, mind, and soul.

At the end of the first quarter there were 446 inmates in the home, and 68 in the huts, making a total of 517 being cared for. Those in the huts have been largely supported by gifts from missionary friends in Korea. They were cared for during the winter at a very low cost and saved from intense suffering.

*Treatment.* The use of the new treatment, "esther," has been used for about 6 months and though there have been some good results from it we are not yet able to give any definite data on its effect. Ten cases were discharged in April as probable cures but only time will tell whether they will be permanent. These were cases who had been with us for some years.

*Industrial.* We have proven in this home that out of leeches or non-producers we can produce hardworking substantial citizens. Our homemade carpenters are now able to erect good substantial two story brick buildings, even the brick and tile being made by the lepers. The tinshop turns out all buckets, lamps, basins etc. A class has been taught cloth making and we are now making some of the cloth used in the home with the prospect of making all we use. Added to this list are mat-makers, blacksmiths, farmers, shoe makers, and purse-cord makers. All rakes, baskets, giggies, brooms, and such articles are homemade products. A number of nurses and medical attendants have been trained so that now all the minor medical work is done by the lepers. Two men are quite efficient with the microscope, being able to diagnose intestinal parasites, bacillus etc.

*Church.* There is a flourishing church with three elders and three deacons which has been under Mr. Talmage's care. Not until a leper learns to read and write is he given a Bible and a hymn book. The spirit of the colony is to be credited largely to the Christian influence there. An active C. E. has been organized with a membership of about 117 regular members.

We hope every missionary will feel it a part of his privilege to press on the Koreans the fact that it is part of

Korean Christians duty to support their own lepers. We ought to help in the fight against leprosy by teaching the necessity of cleanliness.

The leper work never had a better outlook for there may now be a possibility of a cure. It can be wiped out of Korean if the proper methods are taken. Let us all feel an interest in this work as missionaries who desire to be a blessing to the people among whom we work, for the cleaner we made the living conditions, the more respectable we make them look, and the lighter we make their suffering, the better are we preparing the soil for the gospel. Some means should be taken to care for the thousands of lepers in Southern Korea. The method that is best is yet to be decided. Let us make it a part of our prayer that these who wait for help will some day be given a place of refuge where their suffering can be alleviated, the minds enlightened; and their souls saved.

4. That the tuition for the Girls' School be Yen 2.00 per term for the Po Tong and Yen 3.00 per term for the Ko Tong.

5. That the tuition for the Boys' Schools be Yen 2 50 for the first four grades of the Po Tong, Yen 3.00 for the 5th and 6th grades Po Tong, and Yen 4.00 per term for the Ko Tong grades.

8. That not over 25% of the students admitted to the high school grades be non-Christian. This means that 75% shall have received at least the catechumen examination, and that unbelieving children of Christian parents be given the preference in the 25%. This rule shall not apply to pupils already enrolled.

9. That in reply to the communication from Dr. C. A. Clark we would say: (a). That we are in favor of having a College for Women in Korea, and (b). that it be Presbyterian and we suggest that its location be Taiku.

10. That in reply to the Korean communication from Yi Chai Ik Moksa we instruct Mr. Winn to reply that we are actually teaching more hours throughout the year than the Government public schools, and that as far as possible we are endeavoring to carry out the suggestions made.

## REPORT OF EVANGELISTIC COMMITTEE.

3. That no missionary or station send out a questionnaire to the native churches affecting mission policy without approval of the Mission.

4. In view of the emergency prevailing, that the Committee be urged to send out a single lady worker at once to take the place of Mrs. Bell, nee Dysart of Kunsan and if Miss Austins health is so that she cannot return that they also send out a lady worker to take her place.

5. Moved and carried that the proposed constitution of the Sunday School Association be approved.

### REPORT OF BIBLE COMMITTEE.

The Bible Committee held two meetings during the year. Despite the disturbed financial conditions of the world the work of the Bible Society has been maintained with great success.

The main question before both meetings of the Society this year was the Revised translation of the Bible. At the fall meeting the Board of revisers presented Genesis as ready for publication. At the same time one member of the Board resigned stating that he did not agree with the principle of revision in use by the board. After much discussion the Board of Revisers was enlarged and Genesis was referred back to them for further consideration.

At the spring meeting this question was more fully discussed after a full review of the revised Genesis by many members of the Bible Society and others whose criticisms were before us and it was decided not to publish Genesis until it was worked over by the Board and approved by The Bible Society.

A new edition of the Gospel of Luke with translation notes has been gotten out during the year.

We regret to report that Mr. Miller has sprue and we commend him to your sympathy and prayers.

REPORT OF AD INTERIM COMMITTEE.

Seoul, Korea, September 19, 1921.

Pursuant to the call of M. L. Swinehart, Convener, the Ad Interim Committee met in Mr. Gregg's home at two p. m. with the following members present :

Messrs. Knox, Swinehart, Eversole, McCallie, Harrison, Coit, Winn, Newland, Nisbet, Mr. Linton sitting for Mr. Bull and Mr. Crane for Mr. Preston.

The devotional exercises were led by Mr. Swinehart, following which Mr. Nisbet was elected Chairman and Mr. Swinehart served as secretary ex-officio.

Messrs. Owens, Boots and Mansfield were invited to address the committee on the medical and dental situation in Korea, and in our Mission. These gentlemen reported that it might be possible to secure Dr. W. J. Sheiffley for our Mission as he had expressed a willingness and desire to return and as Severance Hospital found it inconvenient to give him a place on its staff at this time. It was moved and carried that we extend an invitation to Dr. Sheiffley to come and serve us as a dentist for our Mission, and that the Executive Committee be asked to open negotiations looking to his appointment.

In view of the evident fitness of Captain M. L. Swinehart to assist in the Five Million Dollar Campaign, and in order to evidence our desire to cooperate with the Executive Committee in the furtherance of this campaign, should they consider his presence desirable, it is moved that we offer his services to the Executive Committee and to the Stewardship Committee, to return home should they so desire.

A communication from Dr. E. W. Smith was read and the following resolution was passed, viz:—"That each station make such division in the permanent equipment items, as requested in Dr. Smith's letter, and that they indicate the one-sixth which can be spared with the least loss to our work and report same to our Mission secretary on or before November first, 1921."

Mr. Swinehart was directed to edit the items in the five-year equipment needs of our Mission, and to make any alterations or changes that he may deem advisable.

A communication from Rev. James O. Reavis, D. D. was read and the Mission secretary requested to report that while the committee appreciates very much the sympathetic attitude of our Executive Committee in offering to send Dr. W. P. Thompson of Union Seminary, Va, to our mission to assist in the special campaign for Sunday-school work, and to

meet one half of his expenses, the other half to be borne by the World's Sunday-School Association, that we approve of the reply made by our secretary, Mr. Swinehart, and state that the Mission is not aware of the request for such a worker being sent to us at this time.

A communication from Dr. S. H. Chester concerning the relation of our members to the native church which was referred to the General Assembly by the Executive Committee and asking if our Mission would suggest any changes in the present rule as laid down in the Manual in Section 3, Paragraph 18, as desirable; we would reply that we see no call for any change in the Executive Committee's Manual.

It was ordered that Mr. McCutcheon be authorized to go to China as directed by the General Assembly, and that the Mission treasurer ask for permission to pay this out of 1920-21 unexpended balances—not exceeding Yen 200. The matter of arranging for a teacher for the fall term in the Theological Seminary to take Mr. McCutcheon's place, should it be found impossible for him to attend, is left to Chunju Station.

It was ordered that in view of the emergency existing at Soonchun Station, we request the Executive Committee to secure and send out a doctor for that station for a five year term of service, and that Dr. J. McL. Rogers be asked to assist in securing such a man.

After full discussion and consideration, the committee voted that if the Executive Committee finds it impossible to secure doctors or dentists for our work under our present rule of service, we request the Committee to send us such workers for a minimum five year term of service.

Replying to Dr. S. H. Chester's letter regarding the question of sound teaching in any of the Mission schools in cooperation with other missions, we would respectfully report that a committee consisting of Messrs. Bull, Reynolds, and Clark is hereby appointed to make this investigation within our bounds, and to report to the next meeting of our Mission.

Replying to Dr. Chester's letter dated August 2, 1921, relative to the Mission's approval of Miss Hattie Knox as a

member of our Mission, we desire to state that our Mission felt that its request to the Executive Committee for her appointment as a member of our Mission was equivalent to an endorsement. However, we are happy to add our unqualified endorsement of Miss Knox's application to become a member of our Mission and trust that nothing may intervene to prevent her speedy appointment.

Ordered that the Eleventh day of October, 1921 be fixed as a time to investigate Chidesan, and that a sub-committee be appointed to investigate Moodunsan as a possible summer resort and report back to the Mission. Messrs. Harrison, Winn and Coit were appointed as such a Committee.

Permission is granted to Kwangju Station to loan temporarily from "Kwangju land" the sum of Yen 1,000 to assist in providing a Bible class dormitory for that station.

Soonchun station was given permission to borrow Yen 300 from Emergency Repairs to be used for "repairs," to be repaid when appropriation is made covering the repair account in that station.

In view of the fact that our secretary-treasurer has never had an office or office furniture provided at the Mission's expense, and since an office building for his use is now under course of construction, and since furniture will be necessary we request the Executive Committee to appropriate \$ 250 for this purpose, the same to be taken from 1920-21 unexpended balances.

Mokpo Station was granted permission to move a Korean residence now in front of Mr. McCallie's home to be used in the Boys' School and paid out of funds on hand until the amount is realized from the permanent equipment fund.

Chunju Station was given permission to transfer as follows :—

From itinerating to country schools, Yen 800, from helpers in new territory to country schools, Yen 400, and it is understood these amounts shall be over and above the five percent limit of transfer within the station.

In view of the urgent and well known emergency existing in our Mission, we request that when Dr. Leadingham returns to Korea, he be assigned to Mokpo Station.

It was moved and carried that Soonchun Station be allowed to arrange with the evangelistic workers in other stations for itinerators to work in the Soonchun territory this fall and winter.

The Mission Secretary was asked to communicate with the Executive Committee and ask a ruling on the matter of child's allowance for missionaries' children while at boarding school in Korea. The Committee is therefore requested to state whether it is the purpose of the Committee to pay the annual amount allowed for children when attending boarding schools in the country in which the parents live, or whether a monthly allowance should be given the children while in school and the regular children's allowance be paid during the months the children are at home with their parents.

It was ordered that the summer vacation allowance of Yen 60 per individual be available for use any time of the year that the station is willing to approve of the vacation being taken.

It was ordered that Messrs. Swinehart, Eversole and Crane be requested to consult with the Seoul Language School Committee and if they are requested to provide aid in teaching force, they are hereby empowered to arrange for same.

The special committee on schools for missionaries' children appointed by the Mission at our last meeting made a partial report and was continued, with instructions to report further at a future meeting.

The amount available for site and residence in Pyeng Yang is authorized fixed at \$7,000 which is to provide for a site in addition to the one for Mr. Parker's residence if possible. That our representative at the Seminary, with Mr. Parker, be a committee on site and be empowered to determine location after a full consultation with Pyeng Yang Station.

The meeting adjourned with prayer by Mr. Harrison.

## PIERSON MEMORIAL.

Seoul, Korea, September 21, 1921.

The Ad Interim Committee met at the Pierson Memorial at 8:30 P. M. with the following members present: Messrs. Nisbet, Crane, Linton, Eversole, Knox, McCallie, Coit and Swinehart. Dr. Nisbet led the devotional exercises.

Chunju Station was given permission to alter the west upstairs room of the single ladies' Home, to make it habitable, the funds to be provided within the Station.

The following resolutions were passed:—

1. *Whereas*:—Because of the alarming increase in the number of cases of sprue among the members of our Mission, more than twenty being now affected and the great loss to the work by reason of so many being incapacitated from work, and the expense to the Executive Committee because of the enforced return to America of many thus affected,

### Be It Resolved;

That we request the Executive Committee to secure the services of a doctor, who shall be especially qualified to engage in research work, looking to the determination of the cause, if possible, and to the proper treatment to effect cures. Such a man could be secured for a short term of service, perhaps one or two years, it being requested that he remain only long enough to make a through study of the health conditions of our Mission and report fully, including recommendations for relief in the matter. This in no way reflects upon the skill and ability of our Mission doctors, who are already too heavily burdened with their regular Mission hospital work to allow for any time to be given to this work, but is in accord with their recommendations.

2. *Whereas*:—The bounds of our Mission do not extend to nor include any part of the city of Seoul, and,

*Whereas*:—All Union meetings, language classes, etc., are held in that city requiring frequent and prolonged visits on the part of many of the members of our Mission, and,

*Whereas* :—Our representatives on the Tract Society, the Union Newspaper, the Bible Society, Severance College, and the numerous committees of the Federal Council are required to make several trips to Seoul each year, and,

*Whereas* :—The rates at hotels in Seoul are too high to allow our representatives on these committees, and in attendance on such meetings, to be entertained in public places, and,

*Whereas* :—The missionary residents of Seoul are already severely taxed to entertain the members of their own Missions who are called to Seoul on like duties as our members are.

*Therefore be It Resolved*:—That we appoint a Committee of three, to investigate the possible cost of a plant to be known as a Missionary Home, and the possible expense to our Mission of maintenance, who shall report to the next meeting of the Mission or Ad Interim Committee.

(Swinehart, Linton, Eversole were appointed as such Committee.)

3. *Whereas* :—The very life of the Union Newspaper published by the Federal Council is endangered because of lack of funds and editorial staff.—All the Missions are called upon to do their part in keeping this very important work from being lost to our Union effort, and as every safeguard is being thrown about the comity interests of our Missionary activities in Korea.

### **Be It Resolved ;**

That we ask our Executive Committee for permission to secure \$600.00 for this purpose, through friends in and out of the church, with the understanding that any amount given to this fund by members of our Church shall be over and above what they now give to Missions.

It was moved and carried that Mrs. Pillay Choi be offered to Seoul Language School for the fall term, 1921, the expense to be borne by our mission and charged to new Missionaries language teachers' account.

Messrs. H. Miller and Koons appeared before the Committee and urged that Mr. W. M. Clark be transferred to

Seoul at once to take up his work in the Christian Literature Society. No action was taken by the committee, but a promise was made to give the matter full consideration.

The meeting adjourned with prayer.

M. L. Swinehart, Secretary.

Chairman Nisbet conducted the opening devotionals.

Communications were read, Overtures from Stations were submitted, and the following Docket adopted:—

1. Communications
2. Overtures from Stations, considered in alphabetical order.
3. Miscellaneous business.

After full consideration of a communication from Rev. W. D. Reynolds D. D. together with the facts in the case as known to members of the Committee, the following resolution was adopted:—

“In view of the fact that health conditions of his family make it necessary for Dr. Reynolds to return to America at this time, it seems to the Mission wise that while in America he be used for translation work. In order to do this, it will be necessary to have a Korean Assistant for whose maintenance not more than \$60.00 per month will be required.

“We ask the Executive Committee to take these facts into consideration and inform us by cable of their action. In

case the Executive Committee approve of our recommendation, that the Mission Treasurer be authorized to provide the traveling expenses home for Dr. Reynolds, it being understood that traveling expenses of the Secretary, either going or coming, be not furnished by the Executive Committee."

The Mission Secretary was instructed to write to Rev. C. A. Clark D. D. thanking him for his efforts in securing a copy of the law regarding fallen women, and to file the copy of that law with the Mission records for future reference.

Answering the Report and request of the House Site Committee for Professor's house in Pyengyang, it was ordered that we recommend that the amount available for such site be ₩ 6,000,00, which amount is included in the Permanent Equipment Fund of \$5,000.000. This amount to secure the 1549 tsubo, or enough for two house sites as mentioned in the letter from the "Committee for Site" dated October fifth, 1921.

The Mission Secretary was instructed to communicate with Rev. Dr. Erdman, Princeton, requesting him to visit our Mission during Annual Meeting this year and deliver a series of lectures.

In connection with the proposed visit of Rev. W. T. Thompson D. D. to Korea and for Sunday School work, the following resolution was passed:—

"The Ad Interim Committee of the Southern Presbyterian Mission wishes to express its appreciation of the action of the Executive Committee in appropriating money in order to assist the World's Sunday School Association to send out Rev.

W. T. Thompson to Korea, and expresses its regret that, owing to the 16 S. S. Institutes held in different parts of Korea in November and December, making it impossible to expect to do anything more than a limited Sunday School work in Bible classes and institutes during the first months of this year, the World's S. S. Association found it advisable to cancel Dr. Thompson's proposed trip at this time.

"We also desire to express our appreciation to the Union Theological Seminary for so generously offering to loan Dr. Thompson for the work, and the World's Sunday School Association for their active and unselfish effort to secure aid for the work in Korea, and to Dr. Thompson himself in agreeing to come to us."

Upon motion it was ordered that we accept the cut of ten percent on class B items, imposed by the Executive Committee owing to the decrease of receipts, and that each Station be authorized to adjust this within the Station Budget, and report the same to the Mission Treasurer on or before March First, 1922.

The Meeting adjourned with prayer, to meet at 2:15 P. M.

2:15 p. m.

Drs. Wilson and Patterson appeared before the Committee and spoke on the medical situation in the Mission.

It was moved and carried that when we adjourn, we adjourn to meet at Kunsan, March 24th, 1922.

Ordered; that each Station report individual balances and deficits at that meeting, and also report Station Balances and deficits.

Ordered, that we give Kunsan Church the free use of 300 pyung of land for ten years without obligating ourselves in any way for the buildings they may have on it, and with the understanding that they shall pay the taxes on the land they use.

Permission is requested from the Executive Committee to allow Kunsan Station the rents on the Mission property in

Kunsan amounting to about Yen 15.00 a month, to be applied on purchase of houses for secretaries; this to apply to the years 1921, 1922 and 1923.

The meeting adjourned with prayer.

8:00 p. m.

The session was opened with prayer by Mr. Winn.

Messrs. Knox and Newland were appointed a Committee to confer with Dr. Wilson and prepare a letter setting forth the facts in the matter of the Special Expenditures at the Hospital, and after the same has been approved by Kwangju Station, copies be sent to the Executive Committee and to Mr. C. E. Graham.

The Secretary was instructed to write a cordial letter to Dr. M. O. Robertson, expressing our hope that he and Mrs. Robertson return to Korea and to their post at the conclusion of their regular furlough.

Ordered that the Leper Committee of the Mission make Quarterly Audit of the Leper Hospital Books, and the Quarterly Report be sent to London.

Dr. Wilson and family were given permission to leave on regular furlough in April, 1922 in place of May, on account of the need of an operation for Mrs. Wilson.

The matter of Dr. Wilson's withdrawing from the regular work and entering Leper work was tabled until Annual Meeting.

The question of the new Leper Hospital Site was tabled until Annual Meeting.

Ordered, that on account of Rev. H. D. McCallie's illness, Mr. and Mrs. McCallie's furlough be changed from April first, 1922 to February 25th, 1922, to return within one year.

The request to appoint Miss Hattie Knox as business woman for Kwangju Hospital and to extend a call to Severance Hospital to allow Dr. Hopkirk to visit Kwangju Station once a month during the time they are without a doctor and the reply to the Executive Committee as to the terms and conditions of cooperation with the Mission to Lepers, all were tabled until next Annual Meeting.

It was moved and carried that Miss Georgia Hewson be assigned in charge of the Kwangju Hospital after Dr. Wilson leaves on furlough, and that Mr. Swinehart have charge of the finances of the same.

Ordered, that when Dr. Wilson goes on furlough, Mr. Swinehart be assigned to have charge of the Leper Hospital, and that Mr. Unger assist him and be in charge of the Industrial work at the Leper Hospital Church.

Ordered, that Dr. Timmons be assigned to Soonchun Station until Dr. Rogers' return, and that the Mission Sec. inform both doctors of this action.

That Ad Interim Committee provide for recovering our Hospital Building at Soonchun, and that Mr. Swinehart be put in charge of making the plans, letting contracts, etc. ; the Station members to render such assistance as is in their power, and that an effort be made to secure the money needed out of unexpended balances.

The Mission Treasurer was authorized to make transfers within the General Budget to balance such accounts.

Mr. Swinehart tendered his resignation as Mission Secretary of Sunday School work, which was accepted.

The Special Committee on Statistical Blanks reported on a form of Statistical Blank which contains the information required in reporting to General Assembly, Federal Council and to the Mission, and that practically all this information is found in the Statistical Blank already adopted and in use by the Presbyteries. This blank was adopted and Mission Secretary requested to have the same printed and distributed for use in making report to the Mission this year.

The members of Soonchun Station were given permission to make application for the land needed at Chijisan, either by purchase or lease, but that the Mission be not committed by such action until the report be submitted to the Mission and reviewed and approved by that body.

**AD INTERIM COMMITTEE MEETING MINUTES,  
KOREA MISSION.**

**Kunsan, March 23rd, 1922.**

The following members of Ad Interim Committee met at the home of Rev. Harrison at 8:00 P. M. :—Chairman Nisbet, Messrs. Knox, Newland, Cumming, Harrison and Swinehart, and Mr. Crane in place of Mr. Preston, and Mr. Clark sitting for Mr. Eversole.

Devotional exercises were conducted by the chairman.

The Secretary was ordered to read the communications.

Ordered, that the Secretary be instructed to forward the letter from Severance Hospital (Dr. Avison) to the Executive Committee, with a request that if the appropriations made by the Executive Committee for Severance Hospital and College are to be considered as outside of the Budget and not subject to cut as suggested in the letter, then and in that event, we ask the Appropriations for PyengYang Union Christian College and the Union Theological Seminary, which now bear their proportionate share of the cut, to be considered in a similar way, and that if additional appropriation is made for one, that it be provided for all Union Causes in which we participate.

The Secretary was instructed to reply to Dr. S. H. Chester's letter by saying that the greatest need is for a good dentist, rather than a pharmacist, that the dental work of the Mission may be looked after, but that if the dentist who has corresponded with Dr. Chester, and who is also a pharmacist, can be recommended by the Executive Committee for this work, we will gladly welcome him as a member of our Mission.

Replying to the letter of Dr. Avison about guaranteeing a proportionate part of the cost of a third dentist for Severance, that we request the Secretary to say that owing to the financial stringency in America, and the fact that we are urging the Executive Committee to send us a dentist for work in our Mission, we cannot at this time agree to join the proposition.

It was ordered that we pay the expenses of Rev. C. Darby Fulton to Korea to investigate the matter of his coming to Korea to enter the work here, viz: Yen 122.09, out of balances to be reported at this meeting.

The communication from Treas. E. F. Willis, regarding the matter of the \$1,000.00 which was given to Rev. John McEachern and Mr. W. A. Linton, to be carried as an advance until it can be absorbed in the Kunsan Station Budget, was considered, and the following resolutions adopted:—

1. That we express our disapproval of the action of brethren in thus drawing from the Executive Committee any part of any year's Budget, without having consulted and secured the consent of the Mission to do so.
2. That inasmuch as we are returning a considerable sum to the Ex-Committee as unexpended balances for the year 1921 22, and since we cannot see our way clear to absorb the \$1,000.00 in our Budget for this year, we would request the Executive Committee to make an additional appropriation for this amount if they do not care to cancel this charge against our Mission, from funds being returned.

The meeting adjourned to meet at 9:00 A. M. Friday, March 24, 1922, after being led in prayer by Mr. Newland.

### **Kunsan, Korea, March 24th, 1922.**

Pursuant to adjournment, the Ad Interim Committee met at the home of Mr. Harrison at 9:00 A. M., with the following members present: Committeemen Nisbet, Harrison, Cumming, Knox and Swinehart, with Mr. Clark sitting for Mr. Eversole, and Mr. Crane acting in place of Mr. Preston.

The Chairman read a scripture passage and Mr. Clark led in prayer.

The Minutes of a meeting held by the same body the evening before were read and approved, and made the official action of the Ad Interim Committee.

A letter to the Executive Committee, regarding our financial policy, etc. was adopted as follows, and the Secretary ordered to send a copy to the Executive Committee. (See attached letter)

The Committee heard with great pleasure the letter from Mr. Edward L. Junkin, in which he expressed his desire to enter the work in Korea, and asking our advice as to the preparation he should make to best fit him for his life's work. The Secretary was requested to convey to Mr. Junkin our great joy in this prospect of his taking up work in our Mission, and that at the next Annual Meeting definite action will be taken in the matter, after which Mr. Junkin will be advised. Mr. Harrison was also requested to write Mr. Junkin a letter of advice and suggest to him the preparation he should make for this work.

Regarding the communication from Dr. Chester asking further information regarding the reported heretical teachings in some missions, we will say that since the deliverance made by this Mission last year seems to be insufficient, we appoint a Special Committee to investigate and make full report to next Annual Meeting. Messrs. Knox and Tate were appointed as such Committee.

Mr. Knox was appointed in place of Dr. Wilson, and Dr. Timmons in place of Dr. Rogers as members of the Severance College Board.

Mr. Winn of Chunju was reported present.

The Committee welcomed Rev. Eugene Bell, D. D. and Mrs. Bell back to the Mission. Dr. Bell made a statement regarding his physical condition, and the Committee unanimously passed a motion of appreciation and gratitude at his return to the field, and, while he will not be able to undertake full work as formerly, we approve of the action of the Executive Committee in returning Dr. Bell to the field, as there is a work that he can do and a place he can fill.

It was moved and carried that Dr. Reynolds be requested to defer his sailing date to permit him to complete the spring

term at the Seminary, and if he should find it impossible to do this, then Mr. McCutchen be requested to take the last half of the spring term.

The meeting adjourned with prayer.

2:30 p. m.
